

WHATEVER/WHENEVER/WHOEVER, ETC.

PRESENTS OF THE FUTURE

Use after: Lesson 35

Interaction: groups of three

Time: about 20 minutes

Materials: one photocopy for every three students, cut into three

Instructions:

- 1 Divide your class into groups of three.
- 2 Give out a copy of the cards to each group. Tell students not to show their card to the other students in their group.
- 3 Revise the linkers *whatever*, *whenever*, *whoever*, *however* and *whenever* from Lesson 35, and write examples on the board.
- 4 Explain to students that they live in the future in the year 3015. They have received a present for their birthday but some of the words are missing from the instructions. Give students ten minutes to complete their sentences with the words in the pool.
- 5 Then, without showing each other their cards, they should imagine that they are telling their friends about the fantastic new present they got. They each have two minutes to explain what their object can do. The other students must listen and, at the end, write the answer to the question at the bottom of their card.
